

## Press Release

### Method Park opens new Training Location

#### Training for Software & Systems Engineering in Berlin

***Method Park now offers its courses in the German capital. The new office is located centrally in the Regus Center, at Europaplatz 2, next to the main train station. Participants receive a 10 percent opening discount until the end of the year.***

Erlangen, September 10, 2019 - For many years, Method Park has offered training and courses at its locations and in various major cities in Germany. The Berlin location is a brand-new addition to the course program. To make it as easy as possible for course participants to get there, Method Park has opted for training rooms in the Regus Center, next to Berlin's main train station.

#### Training Topics

Method Park offers courses on various aspects of software and systems development. The preliminary training topics in Berlin are as follows:

[Automotive SPICE® V3.1 compact,](#)  
[intacs™ Certified Provisional Assessor \(Automotive SPICE®](#)  
[V3.1\),](#)

[IREB® Certified Professional for Requirements Engineering](#)  
[\(FL\),](#)

[iSAQB® Certified Professional for Software Architecture \(FL\)](#)

and

[Leading SAFe® 4.6 with certification.](#)

Method Park will soon add even more training topics to its Berlin schedule.

### **Opening Discount**

For all courses, which take place at the new location until December 31, 2019, participants receive a 10 percent discount - in addition to other discounts such as early bird discounts or multiple bookings.

### **About Method Park**

Method Park specializes in complex product engineering in the environments of the automotive, medical and aerospace industries. Method Park's portfolio includes consulting and engineering services, a comprehensive training program and the process management tool "Stages".

Method Park was founded in 2001. On a worldwide basis, the company has supported and coached its customers on process optimization, compliance to industry-specific standards and legal regulations, as well as the management of projects, products and quality assurance. Method Park offers a practice-based training program on all current topics of Software & Systems Engineering. In 2017, Method Park became official VDA QMC training provider of Automotive SPICE® courses. For the recent version of Automotive SPICE® V3.1, Method Park has developed a free app for iOS and Android.

With "Stages", Method Park offers a model-based process management tool, which supports its users on the definition, communication and application of complex processes, particularly in the engineering environment – globally, beyond organizational borders and always in compliance with various industry-specific standards.

With around 200 employees, the company group has locations in Erlangen, Frankfurt on the Main, Hamburg, Munich and Stuttgart as well as in Detroit, Miami and Pittsburgh in the US.
