Process Improvement with Automotive SPICE® and Method Park

- > Optimizing processes so that they are geared to your corporate goals and bring about noticeable improvements with regard to quality and adhering to deadlines and budgets.
- > Putting corporate goals and employees in the forefront; generating pragmatic and lean business values instead of implementing excessive red-tape and compliance requirements.
- > Solving problems instead of creating them and achieving benchmarks for competition.

1 WEBINAR AUTOMOTIVE SPICE® V3.0

Date	Time (Berlin)	Location	Language	Speaker
02/17/16	10:00 am	Erlangen (Germany)	English	Bernhard Sechser

This course informs you about the changes of the new Automotive SPICE® 3.0 release. You get not only an overview over all changes in form and content, e.g. the division of the engineering processes and the new approach for traceability and consistency, but also about the backgrounds and goals of the new version.
